

A day your guests come back from.

Private, fully supported cycling from Kyoto to Osaka — and back to your lobby by the end of dinner. We handle everything in between.

WHY CONCIERGES RECOMMEND US

Your guests return to you

The support van carries luggage ahead if they're moving on, or we bring them back to you after dinner — a full day that costs you no room night.

One departure a day, 2–8 guests

Never combined with another party, never larger than eight — meeting your lobby at eight and moving at your guests' pace, not a timetable.

Zero-anxiety cycling

A private English-speaking guide, a support van carrying an AED and cold drinks, e-bikes on request, and accident insurance in every fare. Rated 4.5/5 across 200+ private groups.

Filmed, then celebrated

A photographer and a licensed drone team ride the river with the group; the stills are screened at dinner and a certificate marks the crossing complete.
